

Staff Union Monthly Lottery – Rules

Eligibility - Only open to members of the Britannia Staff Union. Associate and honorary members, together with members on long term sick or career break are not eligible to participate.

Members can have up to a maximum of five numbers. Members can not choose their own individual numbers - these are issued by the Union and the member keeps the same numbers each month. Members will be issued with an official card showing the lottery number(s).

Subscriptions - Each number costs £1 per month. Numbers are not transferable. The lottery subscriptions can be deducted from salary by Britannia Building Society.

The Draw Itself - Each month all numbers sold will be entered into the draw. Five prizes are given however; each number can not win more than one prize per month. The draw usually takes place in the Contact Centre in the presence of a Union representative and an independent observer.

Prizes - The total prize month each month represents 50% of the gross lottery income for that month. The prize money is broken down approximately as follows (with 1st prize currently circa £750):-

- 1st Prize = 43%
- 2nd Prize = 21%
- 3rd Prize = 17%
- 4th Prize = 11%
- 5th Prize = 8%

Results - Members will be advised by Britnet. Prize winners will be notified by telephone immediately. Prize money will be paid only to the persons to whom the winning number was sold by the promoter, or their executors.
